

Daily Edmonton Bulletin.

Vol. 1.

EDMONTON, ALBERTA, MONDAY, AUGUST 31 1903

No. 203

TELEGRAPHIC.

WINNIPEG, August 31st.
STEAMER AND TUG BURNED.
The steamer Pilsbush, of the Georgian Bay Navigation Company, and the tug Keewatin were destroyed by fire.

CHURCH DEDICATION IN BRANDON.

St. Augustine church, the new Roman Catholic place of worship in Brandon, was dedicated by the Archbishop of St. Boniface.

CANADIAN NORTHERN COMING.

It is expected that the Canadian Northern Railway will be constructed to Edmonton before twelve months. It is being built at six different points.

RAINS CAUSE RAILWAY WRECK.

Two men were killed at Brimingham, New York, as the result of a freight-train breaking through a culvert which had been weakened by high water.

GRAIN QUOTATIONS.

Fort William wheat, No. 1 hard, spot, 91 cents a bushel.
Winnipeg oats, No. 2 white, 30 cents a bushel.

SHAMROCK EASY.

As we go to press the Reliance is built within two miles ahead of Shamrock. It looks like three straight for the Reliance.

BUSINESS TRANSFER.

H. W. B. Douglas Has Bought Pratt's Music Store.

Wm. C. Pratt has sold out his music store to H. W. B. Douglas, and leaves Wednesday morning to accept the position of superintendent of agencies for the Newcomb Piano Company in Manitoba, Northwest Territories and British Columbia. Mr. Pratt has had a very successful experience in the piano business and the position he now goes to occupy is a direct result of his success in Edmonton. His headquarters will be at Winnipeg although he will frequently visit Edmonton in the course of his work through the week.
H. W. B. Douglas has bought out Mr. Pratt's entire stock of musical instruments and musical merchandise and will open up a complete music store in the building now occupied by the telegraph office. All work previously carried on by Mr. Pratt will be attended to by Mr. Douglas. Besides the regular stock Mr. Douglas will take over Mr. Pratt's agencies.
As soon as the present telegraph office is vacated the store will be renovated and many improvements made in it. A new front will be put on the building and an archway will connect it with the main part of the store. The Strathcona branch of his store also carry a complete stock of musical instruments. This branch will be under the management of Norman E. May, who besides his work in Edmonton has had extensive experience in Calgary, Manitoba.

BY-LAW QUASHED.

Laundries Need Not Pay License Fee—Judge's Decision.

A sub-section of the famous license by-law recently passed by the city council has been quashed. The sub-section related to the payment of a license by laundries. A local businessman per case in the hands of Mr. Williams applied to the judge for an injunction to quash this sub-section of the by-law. The judge has given his decision, nullifying the part of the by-law on the ground that the Council has no legislative authority for passing a by-law to license laundries and that in its terms it is unreasonable and that it is thought that application will be made to the judge to quash other sections of the by-law.

EDMONTON MARKETS.

Butter.—The butter market for the past few weeks has remained stationary. Fifteen cents per pound is paid for first-class butter, and from twelve and a half to fourteen for poorer grades. There is a great deal of butter being marketed.
Eggs.—Eggs still continue very scarce. From 20 to 25 cents a dozen are offered.
Potatoes.—New potatoes are very plentiful and are coming in in large quantities. From forty to fifty cents a bushel is being paid.
Beef.—The market in beef is well supplied. From 3 to 3 1/2 cents a pound is paid.
Hog.—The strong demand for hogs keeps the price high. Five and three quarters cents a pound is paid.
Poultry.—Chickens are very scarce. Fifteen cents a pound dressed, and 12 cents live, is offered.
Gate.—The out market is quite dull. Little is being brought in. From 25 to 32 cents a bushel is paid.
Hay.—The demand for hay remains active and large quantities are being marketed. The price ranges from \$6 to \$10 a ton, the average price being about \$8 a ton.

BULVEA IN EDMONTON.

Looking into Roads and Bridges—Favors the G. T. P.

The Hon. G. H. V. Bulvea, commissioner of public works has spent the past few days in the Edmonton district, leaving yesterday for the south. His mission to Edmonton was to enquire into the question of roads and bridges. It is unfortunate that he did not extend his visit until today so that he could see the state of affairs after last night's deluge. The rains have had a bad effect on the roads and bridges in this district, but were not nearly so disastrous as last year.
Mr. Bulvea states that there are no complaints to be made regarding the Grand Trunk Pacific bill, as everyone realizes that the new needs the railroad and needs it badly. The Grand Trunk Pacific railway will further increase the present great prosperity of the west.

LOCAL.

—Train left Red Deer on time.
—A. A. Merritt is the new principal of the Innisfail public school.

—Rev. Mr. Douglas preached in the Edmonton Presbyterian church yesterday evening.
—The St. Albert Indian band has been engaged to assist in the Labor Day celebration here on Monday next.
—W. E. Beatty, Geo. A. Reid and A. Cameron left for Calgary this morning to participate in the Territorial rifle shoot.

—Red Deer again proved her superiority in baseball by defeating the Calgary aggregation by a score of 6 to 5 in Red Deer on Friday.

—The store now being vacated by Wm. C. Pratt will shortly be occupied by Mr. C. Pratt, formerly in the employ of A. Bruce Lowry.

—Work is well under way on the construction of the wholesale grocery warehouse to the rear of the Union Bank for A. McDonald & Co. of Winnipeg.
—Major General Sir Ian Hamilton, chief of staff to Lord Kitchener, and who has distinguished his military career by his coming to Canada in September and would like to meet some of the old comrades who served with him through the Boer war.

—Innisfail Free Lance.—The many friends of D. McLean, of the Union Bank staff will be pleased to hear of his promotion to the position of manager of the Fort Saskatchewan branch. While all will be sorry to lose Mac from our midst, the wishes of the whole community will go with him to his new home. Innisfail's loss is the Fort's gain.

—Wetaskin Times.—Walter Beattie, of the Imperial Bank, left on Tuesday for Edmonton, where he will take the position of ledger keeper in the branch there. This promotion is a quick one as Walter only entered the bank the first of the year. He is a steady, industrious young man and will force his way to the top of the ladder. Mr. Beattie is highly respected here by a Mr. Jackson from the Winnipeg branch.

—The delegates of the Imperial Chamber of Commerce will be in Edmonton in a few days. This party is composed of one hundred and thirty people, influential and representative men from London, Canterbury, Montreal, Kental, Richmond, Hildersburgh, Cardiff, Bristol, Birmingham, Wolverhampton, Trinidad, and other important centres. An effort should be made to fitly entertain these public men and entertain them in such a way that they will see the bountiful natural resources of this district.

RANGE RESTORED.

The little range on the Groat estate has been restored to the Edmonton rifle association, and may be used in future for practice. Practice on the range was prohibited by the owners as it interfered with the sale of lots in the vicinity of the range, but Mr. Tretheway, after looking into the situation, has given the association full permission to use the range.

THE STORM.

A very heavy rain storm visited this locality last night. All day yesterday rain was threatening and finally about ten o'clock the rain came down in torrents. A heavy wind was blowing at the time, which made the storm seem worse than it really was. In the immediate vicinity of Edmonton hail fell with the rain. Enquiries as to surrounding points fail to elicit any information regarding damage by hail. At Fort Saskatchewan no hail fell, but the rain storm was exceedingly heavy. At Porcupine, south of Strathcona, some hail fell, but none to do any damage. From all reports the hail was confined to a few miles of country east and west of Edmonton, but the heavy rain seems to have been general. The only damage that will likely result to crops is that in certain sections where the grain was especially heavy, a portion of it will likely be lodged. However, today's sun and wind will soon dry up the corn and other very little damage will result from the storm.

In Edmonton the rain caused a considerable amount of destruction. The excavations for water and sewer connections have been flooded and in many places undermined and have fallen in. A number of cellars along Jasper Avenue and other streets have been flooded, causing considerable damage.

J. T. BLOWEY

Macey
Sectional Bookcases
You start with one section and add to it as your library increases. Always complete but never finished.

You will find at this store the largest stock of Furniture of all kinds between Winnipeg and Vancouver at prices that cannot be equalled in the West.

PERSONAL.

J. T. J. Collison, of St. Albert, left this morning for Dawson City, Yukon, where he will take charge of a school.
Mr. and Mrs. Jno. A. McDougall and the Misses McDougall, returned to Edmonton Saturday night from a trip to the coast.

Mr. Vernon Barford returned from his vacation on Saturday. He resumes work with his pupils this week. Any new pupils wishing to commence lessons before Christmas, should send in their names as soon as possible.

Mrs. F. Oliver returned to Edmonton Saturday night from attending the Western Canada Press Association excursion to the east. She was accompanied on her return by Miss Dora Oliver, who has recently been attending St. Margaret's College, Toronto.

DEATHS.

McKENNEY.—At Edmonton, on Saturday, August 29th, the infant child of Mr. and Mrs. H. W. McKenny.

McCONNELL.—At Clover Bar, on Tuesday, August 25th, William Ross, eldest son of Mr. and Mrs. J. H. McConnell, aged two years, one month, sixteen days.

ROSS.—At Fort Saskatchewan, on Saturday, August 29th, at 6:45 a. m., Patrick William Ross, eldest son of the late Lieutenant and Adjutant Walter Ross, of H. M. 30th regiment, and nephew of Col. John Gray Ross, and Captain Patrick Ross, of H. M. 69th regiment, and Commander Wm. Ross, of the Royal Navy; aged 39 years.

PROPOSED UNION.

Under the above heading N. D. Mills, Strathcona, writes the following letter to the Plaindealer:

"While in conversation with a couple of gentlemen a very short time ago the question of the amalgamation of the towns of Edmonton and Strathcona came up. Since the conversation referred to it has occurred to me that the amalgamation might not be an unmixed evil.

"As it now is each town has to run separate municipal machinery, both as town and school board.

"Each has to pay for separate light plants, and (laboratory) water plants, police protection and the town necessities that could very well and much more cheaply be done by one organization.

"There is, and has been, a rivalry between these towns that has very materially injured the interests of both.

"If the two were combined into a city, then that city would be the largest city west of Winnipeg and the very fact of its being so would be the means of drawing a greater population and greatly increase its importance in the west. The cost of administering its affairs would be less per dollar of assessment, the Edmonton waterworks and light plant would be available to us thus avoiding an immense and almost immediate outlay by us in this respect, and the two places would very soon see a high level traffic and street railway bridge across the Saskatchewan, joining this town with the central part of Edmonton, as Edmonton is growing west along the river and towards Strathcona.

"The combined places would have a city council composed of aldermen from both sides, likewise with the school board. Property on both sides of the river would be firmer and Strathcona would reap advantage from the much advertised Edmonton.

"Wholesale houses would then be a feature of Strathcona as they are of Edmonton. The two places would grow together towards the river and it requires no great stretch of imagination to see that in a short time this river will be a crowded highway for boats carrying merchandise, coal, wood, lumber, flour, provisions and other necessities in commerce. The two places combined under one government would by their very physical position and location be a great commercial centre in spite of railways or anything else.

"The greatest obstacle in the way might be that of taxation, but that is a mere matter of proper adjustment. It would not be a case of 'surrender' on the part of either town, but a friendly and dignified joining of hands between the older and the younger sister for the purpose of keeping house on a more economical and a very much more satisfactory basis. The interests of the two towns are identical and in union there is strength.

"This is written for the purpose of having the matter discussed, as the writer has not fully considered the matter himself, and as yet has no settled convictions on the subject."

A BAD ACCIDENT.

Wetaskiwin Times.
On Sunday forenoon last about 11:30, a most distressing accident happened at the home of Mr. and Mrs. A. M. Tupper, about four miles north of town. A hawk had been stealing the chickens for some time and Mr. Tupper had cleaned his gun and was looking it in readiness to shoot the hawk when it again made its appearance. As he was closing the gun, after loading, it in some way discharged, and the contents of one of the barrels tore off the left side of his seven year old son, who was sitting at the other side of the room. Medical aid was at once brought, but before the doctor arrived the young life had departed. A second child was also standing near by, and came very nearly getting shot, but fortunately was uninjured. Colonel was a bright boy and was aged seven years, one month and nine days. This is the second child lost this year as a daughter was buried in the spring. The funeral took place on Monday afternoon at the Wetaskiwin cemetery and was largely attended, the ceremony being conducted by Rev. C. G. Cornille, R. A. B. The heartbroken parents have the deepest sympathy of the entire community in their sad affliction.

WETASKIWIN.

Times, August 27th.
Rev. G. C. d'Esseau, B.A., of Fort Saskatchewan, Rural Dean of the Edmonton Diocese, was in town on an official visit Thursday.

Mr. and Mrs. V. C. James, Mrs. James, and their guest, Miss Grant, of Peterboro, Ontario, and Dr. Robertson, spent a few days of the past week in Edmonton.

A hockey meeting was held in Gould's hall on Tuesday evening and considerable business was transacted. R. B. Price was elected to represent the local club at the annual meeting of the association to be held in Red Deer.

EGG LAKE

Crop Conditions Are Good—Wish to Open a New Road.

In spite of the bad weather, grain around Egg Lake is in very good shape, and without doubt the crops will be at least quite up to the average. No grain has been cut yet, but there are fields of barley that are "almost ready for the binder."

Hay-making is in full progress, and though it is harder than usual to find plenty of good hay, on account of water in the sloughs, it is not likely that anyone will be left short.

J. Lavonde has already finished his hay, and went down to Edmonton early in the week to get a couple of loads of freight for Athabasca Landing.

A petition is being circulated among the residents of Egg Lake, asking the government to open out a road along the line running east and west, one mile south of the northern boundary of township 56, range 26, in order to give access to the church proposed to be built on section 34. There is no road allowance along this line, but as the petition points out, it is almost impossible to get in by any of the regular road allowances, and it is thought that it would cost far less to buy a right of way along this line, than to attempt to fix the regular road. On the road proposed there is only one bad spot, a swamp or slough about a quarter of a mile wide, but no doubt the government will buy a - - - around it from the C. P. R. which owns the land. Two of the land owners along this line are said to have given a roadway already, and the rest will do so on reasonable terms; a road of the ordinary width, one-half of a mile long, takes up only four acres, so that the chief cost to those giving a road would be the extra fencing it would make necessary.

Fred Logan was the only representative of Egg Lake at the Camilla picnic on Wednesday. The picnic was followed by a dance at Bay. Fred got home in time for breakfast on Thursday, and reported a fairly good time, as a fearful southeast wind kept everybody cool and prevented the jollity of the picnickers from boiling over. August 28th.

WHOLESALE AND RETAIL

LIMITED

McDougall & Secord's Store News.

The Store of the Town

A Short Talk About Clothing!

In Men's Clothing as well as all other lines of merchandise there are different grades and values. The clothing of twenty years ago cannot be compared with that which is made today, the style, finish and general make up is much better in every respect and prices are more moderate.

The ready-made suit of today is as highly finished as any Tailor can turn out and perhaps better.

But when we say higher we don't mean price. The clothing we handle is the best obtainable in the Canadian market.

We have seven different maker's goods in our stock, but when it comes to the finish and wearing qualities we recommend our "PICCADILLY" suits in every case.

Our Stout Men's Suits should be of interest to every man that is in the stout order.

Remember our Clothing gives satisfaction or we refund the money cheerfully.

OVERLAND ROUTE NORTH

Great Falls Leader.

Canada and her resources are going to be well represented at the forthcoming Cascade County fair, judging from advices that the Canadian government agent, B. Davies, of this city, has received from Immigration Agent J. Obed Smith at Winnipeg, Mr. Davies was some time ago authorized to arrange for a big display of the farm products of our neighbor on the north and now he has received word from Agent Smith that a large quantity of grasses, grains in the sheaf, threshed grains, and other products have already been shipped to this city for the fair.

Among the shipments that have gone forward from Winnipeg, are six boxes containing grains in the straw, grasses and threshed grains, three straw and grasses, one box containing a bushel each of red and white flax, wheat, two bushels of barley, two bushels of oats and a box of flour and oat meal. There are other shipments to follow, which will contain other products than the ones mentioned and already the exhibit promises to be the finest of its kind ever seen in this city. Mr. Davies, who has had much experience in putting up exhibits, will himself superintend the arrangement of the display at the fair grounds. Between the time that the goods arrive and fair time, he will have a temporary exhibit in his rooms in the Dunn block. After the county fair, the Canadian exhibit will go to the state fair at Helena.

The exodus to Canada from the western states continues. Through trains are run to Lethbridge, three times a week, Tuesdays, Thursdays and Saturdays, and on every train Mr. Davies sends a delegation from here to be understood that these people are all from the immediate section. They come from all parts of Montana, from the Big Horn basin in Wyoming, from Idaho and in fact from all parts of the northwest to make this their final starting point. On today's train there were eleven arriving from here to be joined at Shelby by five others from Spokane.

Not all of those, however, who are journeying to the new agricultural El Dorado, are going by train. The overland route is as popular as ever. Barrage accidents, the wagon trip from Great Falls to Calgary can be made in ten days, and with a light covered wagon, drawn by a good team of horses, a tent, a bed and a camp cooking outfit, the hardened plainsman of Montana wants no better way of making the journey to Canada. Henry Wilson, of Shelby, with his wife and daughter, started out in that way from Great Falls today. They have been camped for several days just west of the city. James Grant, of Belt, a single man, started also today to a single man, started also today to spend his way northward.

Among those who within the past week or ten days, have started west for Canada, are Jas. Greeley, of Great Falls, and James McAnnelly, of Belt. Mr. Greeley took his family there some time ago, and has secured four homesteads, he and his three sons each taking up one. Greeley and Mc-

Annelly started this time driving 19 head of horses. Moses Sasseite, of St. Peter, has gone with his wife and five children, with team and wagon. A. B. Clancy, C. C. Clancy and Moses Lee, of the Big Horn basin, made another party to go in search of homesteads, driving four horses to wagon. Orson Howler, wife and child, and J. M. Valdez are immigrants starting also from the Big Horn country. James A. McIntyre, wife and son, from Billings, drove here and then on to the Canadian west. John Dick, of Stockert, has just returned from Alberta. He has located his family near Olds. They drove up and he has just driven back, making the round trip to the Red Deer country and back in a month. As soon as spring opens up and the new grass comes, Mr. Dick will return with his stock.

Those who have taken the overland route report that the season is particularly favorable for that mode of travel. The frequent rains this summer having made grass everywhere, so that it is no trouble to find good camping places. It is with the view of getting good feed for his horses, that the overland traveler selects his camping place at night. Of course there is the question of water and wood for the camp fire to be taken into consideration, but first of all the traveler thinks of his horses, for they it is upon whom he depends to carry him along. Immigrants camp twice a day, at noon and at night. For the noon camp, being only a temporary one, the man who is "roughing it" is not so particular, although he usually figures on drinking water for the horses and to make the luncheon coffee. The night camp is selected with more care. Here the tent is pitched, a roaring campfire is built and the horses are hobbled out for the night.

THEY ALL

WANT IT

Because it is something extra. It draws the crowd because it is made for the crowd. It has to be unusually good to suit everybody. But it suits. It softens the water, it saves labor, it saves soap and saves your clothes. Its name is

Alexandra Washing Fluid

It is sold only at Mullet's Drug Store, Edmonton. People who have tried it are buying it again and again, in fact it is the only article on the market which is adapted to the matter.

CLOVER BAR

Settlers in This District Carry Off Many Prizes at the Fair.

Barley harvest has just begun. There will be little wheat cut before September 1st.

Mr. Sidney Ottewill carried off nearly all the prizes in Durhams at Fort Saskatchewan fair.

We understand that Wm. Wakeford received over forty prizes at Fort Saskatchewan fair.

Rev. Asa Van Camp, brother of Morley Van Camp of this place, arrived here on a visit last week. He has been pastor of a church in Watertown, New York. He has been appointed as a missionary to China and intends sailing about September 28th.

Telephones have been installed at convenient places along the line and will be quite a convenience to the public.

Rev. Asa Van Camp preached at Clover Bar last Sunday afternoon. He will preach at Fairmount next Sunday morning.

The lawn social and entertainment held at Clover Bar on Tuesday evening August 25th, was a pronounced success. The proceeds amounted to about thirty dollars.

Rev. C. H. Huestis and wife, and Mr. A. Butchart and wife came out from Edmonton to the lawn social. This was their first visit to Clover Bar and they expressed themselves as highly pleased with the appearance of the country. Mr. Butchart consented to act as chairman, and Rev. Huestis gave an interesting and humorous address. Rev. McLennan was also present and led in the opening prayer. The church was nicely decorated with grains and flowers; flowers and fruit adorned the pulpit.

A little boy of James McConnell's aged two years, died on Tuesday, August 25th. The funeral took place Thursday, August 27th, at ten o'clock. It was largely attended. A short service was held in the church, after which the body was laid to rest in the cemetery to the rear of the church. Mr. and Mrs. McConnell have the sympathy of the community in the loss of their only son.

August 28th.

THE FIRST SECTION TO BE BUILT

Already the work of preparing for the building of the section of the new transcontinental railway east of Winnipeg to connect with Lake Superior is being carried on with all possible energy. No less than twenty parties of engineers, aid surveyors are at work between Winnipeg and Nipigon. Not a day is being lost, and when everything is in readiness for the actual work of construction to begin, it will be gone on with in the most expeditious manner.

The line, it is expected, will run almost straight from Winnipeg to its Portage, and will then turn northward. As already announced, so far as can be concluded from the information received from the engineers engaged in locating the trial line, the grades will not be heavy and the curves exceptionally satisfactory.

The parties of engineers who are out to Grand Trunk engineers. In addition to the work of locating the line from Winnipeg to Nipigon, they will also locate the short line that will be necessary to connect Port Arthur with that link of the new transcontinental highway. Winnipeg will thus be given a third railway connection with Port Arthur, and it will be completed in the shortest possible time from the date at which the work of construction can be begun.

Meanwhile, while the government is rushing through the construction of this section eastward from Winnipeg, the Grand Trunk will be busy building its main line and branches on the section from Edmonton to Winnipeg. As to the provision of terminal facilities at Port Arthur, that will be a matter requiring to be dealt with simultaneously with the work of construction, and the Grand Trunk will lose no time in equipping itself at the head by lake navigation with facilities answering to how which it already possesses at Midland, Collingwood, Warton, Goderich and Sarnia, on the other side of the water.

There will not be the avoidable loss of a day in the providing of this new link from Winnipeg to Port Arthur. The construction of the all-rail route will be gone on with at the same rapid rate, but while it is being gone on with east of Nipigon, the lake route will be in operation both for the carrying of grain eastward and the carrying of merchandise and other freight westward.
